

Those Pesky Claims!

**Proper Claim Submission Guidelines
(Paper and Electronic)**

Objectives

-
- Overview of the electronic claims submissions process and common errors
 - Overview of the paper claim process including the CMS-1500 and UB-04 forms and common errors
 - Paper Work Attachments
 - Adjustment Requests
 - Remittance Advice

Electronic Claim Submissions

Electronic Transactions

- EDI = Electronic Data Interchange
- ASC = Accredited Standards Committee is a subcommittee of American National Standards Institute (ANSI)
- X12N = Insurance format for the transfer of sensitive information

X12N became a requirement for insurance transactions with the passage of HIPAA in 1996.

How are we receiving the files?

Clearinghouse

- Usually a large business specifically setup to handle mass electronic billing transactions.

Billing Agent

- Individuals who handle the electronic billing directly for providers.

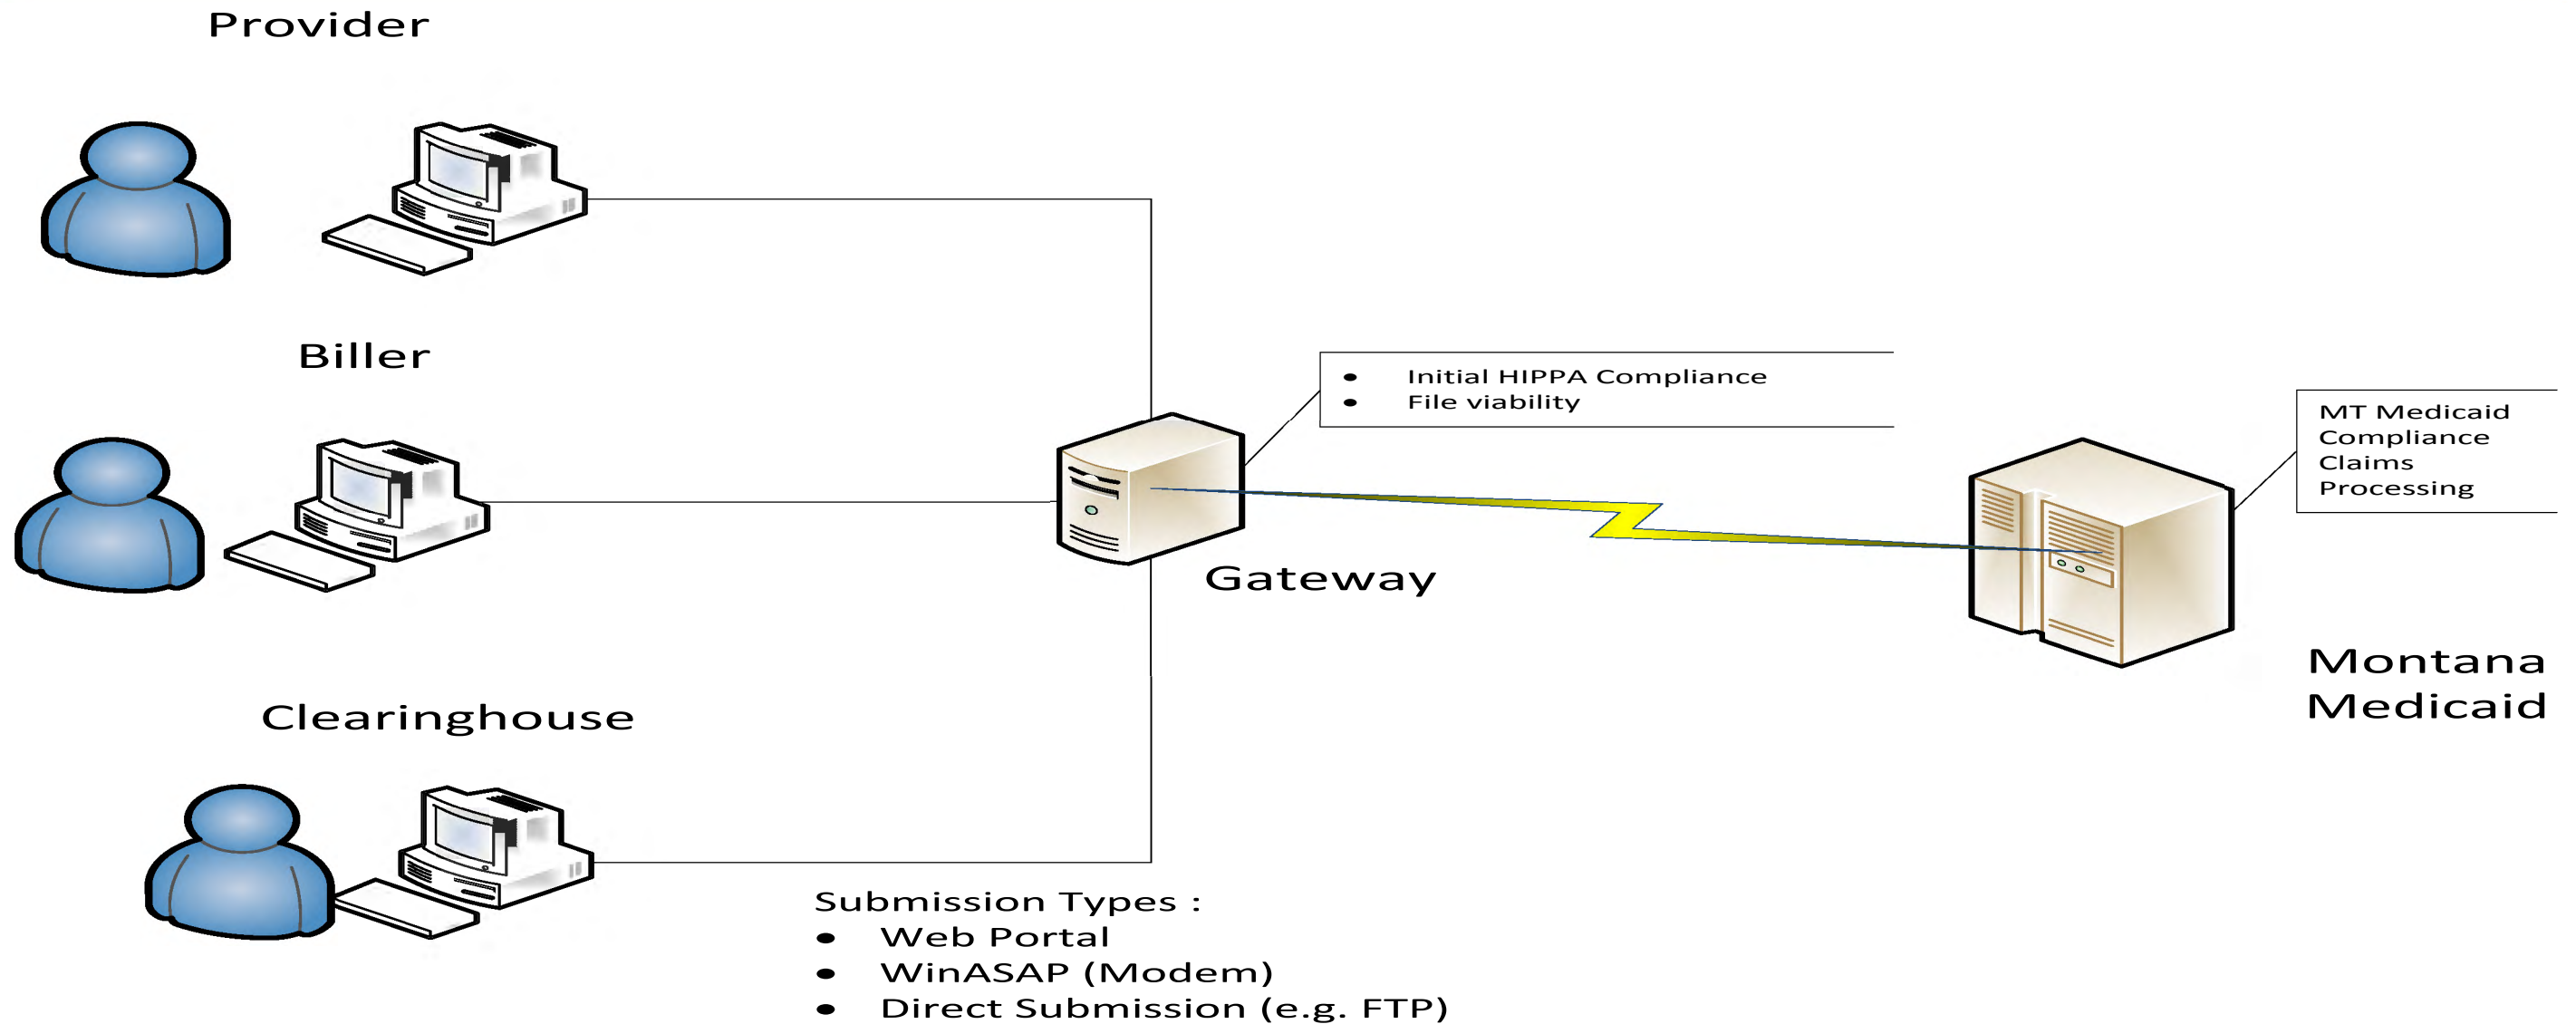

Providers

- Medical provider facilities, most commonly in the form of eligibility or claim verification requests.

Electronic Claims-

Different ways the Claim Files get to us.

Electronic Claims

837 Transactions and the related Paper Claim.

Transaction Type	Related Paper Claim
837P	Professional Claim (CMS-1500)
837I	Institutional Claim (UB-04)
837D	Dental Claim (ADA 2012)

There is also a crosswalk for the CMS-1500 and 837P on the NUCC website.

Electronic Claims

Transaction Descriptions

Transaction Descriptions	
270/271	Eligibility inquiry
277	Claim status inquiry
277CA	Claim acknowledgement
999	Implementation acknowledgement
835	Electronic Remittance Advice (ERA)

Electronic Submissions

Most common errors

- Provider did not complete the EDI Enrollment (X12N) packet to enable electronic billing. Enrollment with Montana Healthcare Programs does not automatically enroll you for billing electronically. If you are using a Clearinghouse, this step is already done.
- Missing or invalid taxonomy codes
- Non-matched ZIP +4

Electronic Submissions

Most common errors continued

- Missing Team Number (Schools)
- National Provider Identification (NPI) not enrolled
- Invalid/missing/unenrolled rendering Provider
- Clearinghouse is not sending Montana specific requirements. For example, electronically the Passport number is sent in the wrong place.

Electronic Submissions

Most common errors - How to fix

- Most important thing is make sure you are sending the most up to date information electronically.
- Make sure you are enrolled for electronic billing.
- If the information is required on paper, it's required electronically.

Resources for Electronic Billing

Claims Processing
P. O. Box 8000

Please use original forms not copies.

- CMS requirement
- Forms can be purchased from most office supply stores.
- Forms can speed up processing time allowing automated processes to read them.

Paper Claims

Suggested method for greatest efficiency and minimal delays in processing is electronic submission. Claims submitted electronically are processed an average of 14 days faster than paper claims.

- Paper claims submitted via mail are processed in an average 12 days.
- Mailing a paper claim can be faster to get paid than paper claims submitted via fax.

FAX is not an Electronic Submission

Submitting Adjustments

Submitting Adjustments

When should I request an adjustment?

- Claim was overpaid or underpaid.
- Claim was paid but the information on the claim was incorrect (e.g., member ID, provider number, date of service, procedure code, diagnoses, units).
- Individual line is denied on a multiple-line UB-04 claim. The denied service must be submitted as an adjustment rather than a rebill.

If there are a lot of corrections to make, you may want the “claim cleared and reprocessed”. This has to be requested and needs to also include the corrected claim.

Adjustment Requirements

- Must be requested on the Individual Adjustment Request Form.
- Only be submitted on paid claims; denied claims cannot be adjusted.
- Always require a remit from the paid claim.
- Claims Processing must receive individual claim adjustments within 12 months from the date of Payment. After this time, gross adjustments are required via DPHHS.

Adjustment Requirements – cont.

- Separate adjustment request form for each ICN.
- If correcting more than one error per ICN, use only one adjustment request form and include each error on the form.
- If more than one line of the claim needs to be adjusted, indicate which lines and items need to be adjusted in the “Other/Remarks” section.

Adjustment Request Form

One adjustment form per Internal Control Number

Section A – Must be completely filled out

Section B – Only the info that needs changing
